

1996

Tour veteran Ed Fiori scored his third PGA Tour win and his first in 14 years, 8 months and two days, the second longest stretch between wins on record. Playing in his third event as a pro, Tiger Woods took his first lead on the PGA Tour with a second-round 64 and led Fiori by a shot heading into Sunday's final round. In front of a crowd that included a dozen national media members who had scrambled to get the Q-Cs that morning, Woods quadruple-bogeyed the fourth hole, then four-putted at No. 8 to fall out of contention. He rallied to finish tied for fifth.
